Under normal operating conditions according to the vehicle manufacturer up to:		1 year	2 years	2 years	3 years

All cartridges are suitable for mechanical and electronic air dryers. Valid from April 2024

Air dryer cartridges in OE quality

The safety of trucks, buses and tractors depends largely on their air brake systems. **MANN-FILTER air dryer cartridges keep the compressed air dry, clean and oil-free** so that they work perfectly. They ensure optimum braking performance and offer **the best protection against corrosion, icing and abrasion.**

With more than 100 million air dryer cartridges produced, MANN+HUMMEL is the world's largest producer. For more than 70 years, this expertise has flowed into the premium brand MANN-FILTER, which is synonymous with **uncompromising OE quality** and the greatest expert knowledge. **You can count on it!**

1 Premium brand by world's largest producer

For over 30 years, MANN+HUMMEL has been the industry's highest-volume producer of air dryer cartridges. The company combines all of its expertise in the premium MANN-FILTER brand.

2 OE quality

MANN+HUMMEL produces cartridges in series for well-known system suppliers across the world and consequently for almost all truck manufacturers (according to international production and test standards).

3 Full warranty and guarantee

Free choice of spare parts for maintenance and repair without loss of warranty claims or vehicle manufacturer warranties.*

Top 5 reasons!

4 Great innovative capacity

Customers benefit from patented technologies from the global filtration expert and leading developer of air dryer cartridges.

5 One single source

In addition to air dryer cartridges MANN-FILTER provides the perfect solution for almost any filtration needs in air, oil, fuel and cabin air filters.

The new white one!

Our cost-effective solution for all applications with normal demands and low compressed air requirements: The new, white air dryer cartridge for optimum drying performance in continuous long-distance operation.

The perfect expansion of our range, now offering the right solution for every need!

Comparison air dryer cartridges

Benefits	White Basic Performance	Black Standard Performance	Silver Advanced Performance	Gold Premium Performance
Optimum pressure and pulsation resistance	✓✓✓	✓✓✓	✓✓✓	✓✓✓
Firm and highly pressure-resistant drying agent	✓✓	✓✓✓	✓✓✓	✓✓✓
Reduced downtimes	✓	✓✓	✓✓	✓✓✓
Safe and reliable under the toughest operating conditions	✓	✓	✓✓	✓✓✓
Protection for electrical and mechanical air dryers	✓	✓	✓✓	✓✓✓
Optimum protection of the compressed air system against contamination and damage		✓	✓✓	✓✓✓
Efficient drying, fast regeneration and long service life of drying agent		✓	✓	✓✓✓
More drying agent than comparable products		✓	✓	✓✓✓
Improved protection for the compressed air system against corrosion and icing			✓	✓✓✓
Long service life due to oil separation through coalescence filter			✓	✓✓✓
Easy to retrofit			✓	✓✓✓
